Join the HZDR Summer Students Program 2019 in Dresden

Dear colleagues,

We invite students from all over the world to join our research teams for the period between July and September 2019 at the Helmholtz-Zentrum Dresden-Rossendorf (HZDR). Summer students can choose to work and research at any one of the HZDR's eight individual institutes. We provide students the unique opportunity of working in either natural or life sciences while focusing on fundamental or application-driven research or technology development. Students will be part of an individual research group working on predefined topics. These groups will include several Young Investigator groups headed by young scientists who are still at an early stage of their career in emerging scientific fields.

Please make this available to students who are eligible to participate and hang out the attached poster as official announcement to give your students the chance to be informed about the HZDR Summer Students Project and to apply for it.

Thank you very much,

Stefan Kraft, Kay Potzger and Annette Weissig
Organizers of the Summer Student Program

HZDR SUMMER STUDENTS PROGRAM 2019 IN DRESDEN

About HZDR Helmholtz-Zentrum Dresden-Rossendorf (HZDR) is located in Dresden and is part of the Helmholtz Association, Germany's largest research organisation. It houses eight institutes as well as four large-scale facilities. Joining HZDR, summer students will have the opportunity to work in the fields of

- matter,
- energy,
- health and
- technology.

Projects and Lectures Summer student projects will be selected in a competitive process from a list of proposals provided by research groups at HZDR in order to find the perfect match for each student. Individual work in the research groups will be accompanied by a lecture series open to all summer students that will provide insight into the research performed at HZDR.

Financial Support HZDR summer students will receive free accommodation as well as a stipend to cover additional costs. Please see our website for more information.

Who can apply?

All students of natural, life sciences or related fields holding a Bachelor degree, Pre-Diploma or any equivalent.

How to apply?

For the application procedure please visit our website:
www.hzdr.de/summer.

Deadline for Applications

Students should apply before
March 1st, 2019.

Notification of acceptance:
April 15th, 2019
